Dear Frank

It is with pleasure that I provide this recommendation for Macquarie Builders following the successful completion of the bathroom upgrade project at the Commonwealth Law Courts in Hobart.

As the on-site Facilities Manager for the building management company in 2017, Five D/JLL, I had continuous involvement with the construction team during the project. At all times the team, under the control of foreman, Pieter Van Chastelet, were cooperative and patient with the strict protocols applying to this building. With regular visits by Glen Sheppard, coordinating with my Head Office Project Manager in Canberra we were able to achieve a successful outcome.

The upgrade to the bathrooms has resulted in very positive feedback from the staff and the public and the quality of the workmanship has greatly enhanced the value of the building.

My congratulations to Macquarie Builders on a job well done and I would be happy to recommend them to any prospective client.

Yours sincerely

Dennis Lee
